BARCO

Nazwa **Projektor Barco F50**

Cena **0,00 zł**

Producent **Barco**

OPIS PRODUKTU

The Barco F50 is the world's first lamp-based single-chip DLP® projector that combines native WQXGA (2,560 x 1,600) and Panorama (2,560 x 1,080) resolution with active 3D stereo and high frame rates. Designed for 24/7 operation, the F50's total cost of ownership is reduced to a minimum thanks to its reliable DLP® technology, filter-free design, and low maintenance needs. The compact F50 projector is suited for a wide variety of demanding applications in virtual reality, simulation and training, visitor attractions, collaboration suites and scientific visualization.

Unmatched image quality

With its cutting-edge optics that deliver razor-sharp images, the F50 displays flawless images with vivid colors, and rich in contrast. Producing low noise levels, it also features RealColor™ color management, Smear Reduction Processing™ and high frame rates. The F50 boasts four different digital input sources and a wide range of expansion modules and high-quality projection lenses.

Key benefits

Choose from WQXGA, Panorama, WUXGA or Full HD resolution

Small, compact and ruggedized

Ultimate reliability and low TCO

Low operational noise level

Active 3D stereo

Smear Reduction Processing™/ 120Hz Refresh Rates / High Frame Rates
